

First of all, no one in their right mind is going to support a team called “Yard Goats”...that name is ridiculous!

Second, if it was promised not to use tax money for this project, why are you putting in a bill to do just that? It's bad enough my hard earned tax money is wasted on stuff that I wish I could have an opinion on, but if the town of Hartford wants this team so bad, then they need to provide the funds themselves from private donations. Don't make us all pay for this stupidity.

I have gone to see the Rock Cats play many times and my family enjoyed the experiences. I WILL NOT be going to see a team called the Yard Goats. And if my tax dollars get spent on them, then you will be hearing from me.
